Senior Class History

As we prepare to don our caps and gowns, we, the members of the Class of 1948 pause in retrospect. Memories of the path we have blazed here at Everett High came into view. Memories . . . a teeming parade of memories . . . that bring us back to our Freshman year at the Parlin Junior High School. It was there that we entered upon our high school career.

There, too, we attended many socials and assemblies prepared under the sponsorship of the Parlin Co-Operative Government Association. This student governing body elected Donald MacLeod as president, Hubert Eddy as vice- and Lena DelVecchio as secretary-treasurer.

Finally, after proving to the satisfaction of all that we could recite "Character" forwards and backwards, we received our diplomas which marked our rise from lowly Freshmen who "knew not and knew not that we knew not" to lofty Sophomores who "knew not and knew that we knew not."

September, 1945, found us entering the Senior High School as the first post-war class of Sophomores. Like all the preceding classes we made our mistakes and of the same shade of green. After becoming acclimated to our new surroundings, we settled down and soon became an integral part of high school life. The officers we elected as Sophomores were President, Herbert Haines; Vice-President, Walter Carrington; Secretary, Mary Colombo; and Treasurer, Paul Johnson. Serving on the School Council as Sophomore representatives were Ann Gibson, Richard Erlandson, and Joan Sullivan.

Our parade down memory lane takes us now to our Junior year where as a class we did not lead an obscure existence. Our members continued to participate actively in school affairs. Indeed, the outstanding star on the sports horizon that year was a Junior—Zack Boyages, who was the highest scorer on the basketball team, the second team ever to represent this school in the Eastern Massachusetts Interscholastic Basketball Tournament. In the fields of debating and dramatics our classmates also shone brilliantly. Turning now to the political front, we elected Don MacLeod as our president, returning him to the position he held as a Freshman. Walter Carrington, Mary Colombo, and Paul Johnson were re-elected to their positions as vice-president, secretary, and treasurer, respectively. Joan Sullivan and Richard Erlandson were joined on the School Council by Edward Leo and Hubert Eddy. The social highlight of the year was the Junior Prom in May, which turned out to be an overwhelming success in both attendance and enjoyment. It proved to be a glorious climax to the year's activities.

The days soon came for us to say farewell to the Seniors. Close friends who had formed a background of intimate associations were now leaving. We marked with surprise the rapidity with which our first three years had flown by. We were now Seniors and our last year at Everett High was now before us.

Our Senior year opened with the election of class officers. Donald MacLeod was re-elected president. Walter Carrington and Mary Colombo for the third consecutive year were elected as vice-president and secretary respectively. Benedict Salamone, always in the running for popularity, won out in the election for treasurer. On the Student Council were Richard Erlandson, Joan Sullivan, Edward Leo, Jean Hall, and Frank Forte.

Senior Class History
(continued)

In the field of sports, athletic honors in football went to Ed Leo and Jimmy Carroll, who were named to numerous All-Scholastic Teams. In basketball the greatest team in Everett's history, paced by Captain Zack Boyages, tied for the Greater Boston League Championship and then went on into the Eastern Massachusetts Interscholastic Basketball Tournament. Here, after defeating North Quincy in the opening round, and arch-rival Somerville in the semi-final round, the gallant Crimson warriors bowed out in the final round to a powerful Durfee High team, which went on to become New England Champions.

Our Senior year was indeed an eventful one. For the first time in many years a school newspaper was started. Hubert Eddy served as editor and was ably assisted by an energetic staff. Another innovation was the observance of Good Government Day. Everett High elected William Gochis as Senator and Angelo Boy and Walter Carrington as Representatives to participate in the first student legislature in the history of the Commonwealth.

Among the highlights of the year was the Senior Class Play, "What a Life," starring Hubert Eddy and Doris Kelley; and the presentation of the Daughters of the American Revolution Award for Good Citizenship to Ann Gibson.

Beneath the lush surroundings of the Normandy Room of the nationally famous Totem Pole, the Senior Class held its Prom. It was the first time a Prom had been conducted outside the school. Dancing to the strains of George Lane's orchestra provided an evening of pleasure and enjoyment for all.

Following the Prom in April the days passed swiftly, and we now look forward to a sunny day in June when we shall receive our coveted diplomas.

To you the members of the Class of 1948 is this narrative dedicated. You are the principal characters, your activities from the opening week of school to the day of your graduation furnish the plot for this story; your accomplishments, the climax. May you look back in future years when memory fails to recall these happy times with sufficient clarity, and read again with some enjoyment the story of another year at Everett High—not just another year, but the year 1948.

STUDENT COUNCIL '48

The School Council

May we present the School Council whose members, elected by the student body, represent and serve the student body as a whole. This group has not only presented numerous assemblies, but has always endeavored to make them enjoyable as well as interesting and informative. Certainly the members have succeeded in their efforts this past year. This year the Council not only has planned the programs, but also has been, for the first time, directly in charge of their presentation. Their success in this venture is shown by the marked approval with which each assembly was received, especially that outstanding achievement, Talent Day, which was acclaimed by all.

Always interested in the advancement of education, the Council members have often been the guests of various neighboring cities. The purpose of these visits was to acquaint each with a knowledge of school administration, teaching methods, and classroom procedures. It has also been the Council's privilege to entertain members of other school organizations, who seek information concerning the Everett School System.

The main attempt of the Student Council is the promotion of school spirit and student participation. Achievement in these respects has been meritorious, and nineteen-forty-eight has been a banner year.

The Student Council is composed of twelve members, headed by Chairman Richard Erlandson and Secretary-Treasurer Joan Sullivan. Senior members include the above-mentioned officers assisted by Frank Forte, Jean Hall, and Edward Leo.

Before concluding, it is imperative that we mention Miss Gibbons and Mr. Bleiler, whose invaluable guidance and assistance made possible a truly gratifying year. To them we extend sincere appreciation and thanks for their time and effort.

Junior Class History

(Class of "49")

The good ship "Forty-Niner" set sail September, 1945, at the docks of the Parlin Junior High School. For a while, rough seas were experienced by the passengers but then came the calm.

Immediately after the formal introduction of the students to the faculty, the ever popular P.C.G.A. organization was established and assumed its many responsibilities in a vigorous fashion. At the wheel was Richard Lionette, president, assisted by Anthony Forte, vice-president; and Mary McCarte, secretary-treasurer. An extremely able crew of home room presidents helped steer the ship on a straight course.

Inter-school sports were established in the Parlin Junior High School in this year and the class of '49 produced a top-notch basketball team in addition to a championship baseball team.

Then one bright June day in 1946 the class of '49 recited "Character" for the last time in the Carl D. Lytle Auditorium and the highly coveted Parlin P's were awarded.

As Sophomores, the class of '49 surged on to even greater heights. Richard Lionette was again elected president; Mary McCarte, vice-president; Marie Butera, secretary; and Alice Jagiello, treasurer. The school council consisted of Joan Barry, Josephine Mazzone, and Nancy Styles.

The "Forty-Niners" immediately set forth to prove themselves capable of taking an active part in school affairs by being well represented in all scholastic and social functions.

The next year found the class of '49 happy, contented juniors. The elections found Richard Lionette, president; Mary McCarte, vice-president; Claire Hill, secretary; and Mary Colosi, treasurer.

The junior representatives in the school council were Joan Barry, Barbara Mills, Albert Sheppard and Nancy Styles.

Many of our members were highlighted in sports and in the leading roles of dramatic, music, and debating activities. A few of our outstanding representatives in the sporting world were William Buitenhuys, Ralph Cecere, Kenneth Doig, John Lepore and Richard Lionette.

The Junior Prom, our social highlight for the year, is being eagerly looked forward to by all.

The good ship "Forty-Niner" is nearing the last leg of a long voyage whose destination will add many more thrilling experiences and never-ending memories to our high school career.

ACTIVITIES
CAROLINE GERETY

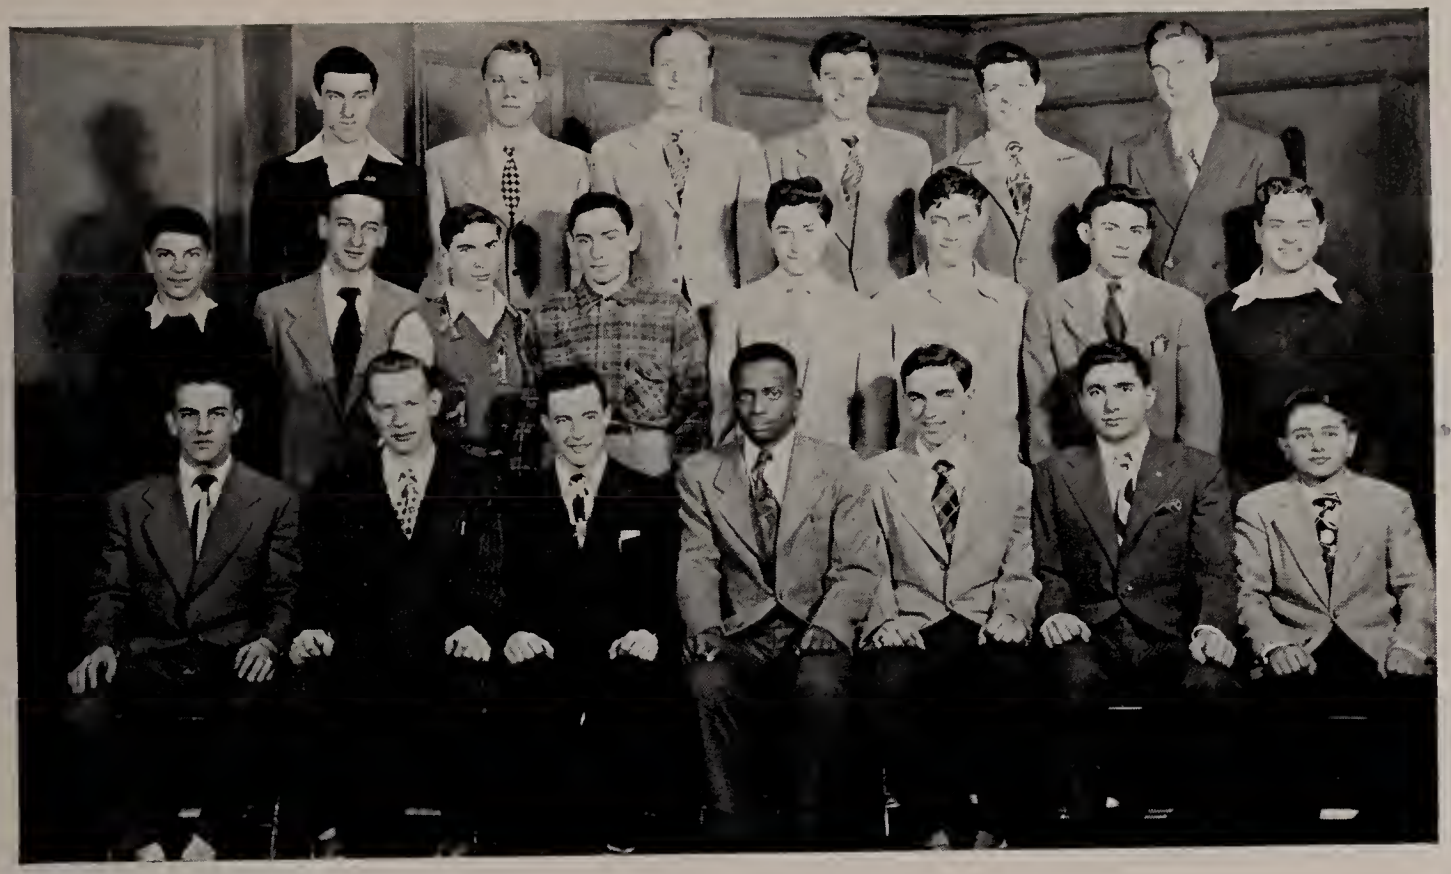
Senior Class Play

"What a Life!" Once again that lovable 'teen-ager, Henry Aldrich, so artistically performed by Hubert Eddy, has become involved in incredible and laughable situations. To begin with, after he had invited Barbara Pearson, charmingly played by Doris Kelley, to the school dance, Henry finds that his mother will allow him to go only if he receives the highest mark in the history exam. Faced with this ultimatum, Henry, not an exceptionally bright student in history, copies George Bigelow's paper. The teacher, Mr. Patterson, played by Charles Gordon, reports Henry to the office. But this is only the beginning! George Bigelow, otherwise known as Paul Johnson, tries to persuade Barbara to break her date with Henry and go to the dance with him. Then poor Henry is accused of stealing the band instruments and is consequently expelled from school. Yes, things look pretty bad for Henry until Ferguson, from police headquarters, played by William Ellery, arrives on the scene. He, with the help of Jean Grahame, in the role of a somewhat loony music teacher, clears things up for Henry. He discovers that the incriminating evidence in Henry's locker was purposely planted there by none other than Henry's jealous rival, George Bigelow. Even though Henry admits his having cheated in the history test, Mr. Bradley and Mr. Nelson, played by Harry Soper and Kenneth Dolloff respectively, agree to allow Henry to come back to school—just in time for him to keep his date with Barbara.

Other very fine performances were rendered by Angelo Boy, Barbara Swan, Barbara Kaufman, David Johnston, Phyllis Taylor, Hilda Barbanti, Loretta Giglio, Joanna Berggren, Eileen Dorman, Sam D'Angelo, Anthony Dell-Isola, Margaret Beats, Leona Gardner, Helen Rosolko, Sandra Burstein, Evelyn DiTullio, and Georgia Berggren.

All those who had the pleasure of seeing the play will agree that once again Miss Marshall did a remarkable job of directing. All in all, it is generally agreed that it was one of the best Senior Plays in years.

Lyceum



The Lyceum, the oldest group in the high school, is again completing a successful year. The members of this organization. under the able leadership of Mr. Mahan, have learned and developed the fundamentals of good public speaking and debating. Paced by its president, Walter Carrington, the Lyceum has engaged in many debates on the national question: "Resolved, That the Federal government require a system of compulsory arbitration of labor disputes in all basic American industries." One of the many debates on this question was held at the Kiwanis Club, where George Keverian, James McCauley, and Paul Goldman upheld the affirmative with Walter Carrington, George Di Napoli, and Don MacLeod challenging their arguments. Various members of this group represented the school in both the American Legion and the Benjamin Franklin Oratorical Contest.

A highlight of this year's group was their visit to Cushing Academy to attend a debate clinic. Here they gathered many pointers on debating and witnessed a debate between Bates and Dartmouth on the national question, "Resolved, "That the Federal government require a system of compulsory arbitration of labor disputes in all basic American industries." The members are eagerly awaiting the Boston College prize debate which will climax the debating season.

Girl's Glee Club I

The Girls' Glee Club under the capable guidance of Miss Myra Marshall and active leadership of Jean Graham is one of the most efficient clubs in the Everett High School. All members are carefully selected in competitive try-outs, and for their untiring efforts in the club they are awarded one point toward graduation.

For the first time in the history of the Girls' Glee Club, a sophomore group has been organized under the able direction of Ottavio J. DeVivo. This group has been active in many school assemblies.

The highlight of the club's activities was their annual production. This year "Meet Arizona," a two-act comedy, was presented. This cowboy extravaganza was humorously enacted by the following students: Rita Novello as Lettie Blair, Donald MacLeod as Larry Benson, George Keverian as Cappy, Paul Johnson as Jack Benfield, and Charles Gordon as Tom. In this two-act comedy

Girl's Glee Club II

Lettie Blair, a Vermonter, goes West when she is sent for by Capy, boss of the corral on her uncle's ranch in Arizona. Cappy's intention is to have Letty and Larry, a handsome cowboy, fall in love. This plan is upset by Jack Benfield, who poisons Lettie's mind against Larry by persuading her to believe Larry has stolen her uncle's will. As a result, Lettie and Larry antagonize each other and part coldly. Finally, through the efforts of Cappy, the two lovers are united and declare their love for each other. After Tom, a friend of Larry, impersonating a sheriff, reveals Jack Benfield to be an outlaw, the situation ends happily. A fine supporting cast included Charles Squires, Hilda Barbanti, Jean Graham, Doris Kelley, Wilfred Rule, Angelo Boy, Mary Rao, Phyllis Taylor, and Flora Mardigian.

We of the Everett Senior High School are proud to have such a talented organization participate in school assemblies and represent us in outside activities before many of the local clubs and organizations.

Dramatic Club I

Dramatic Club II

Drama Night

The music ceases, the lights lower, and the curtain rises on another memorable and outstanding Drama Night. As has been the custom for the past few years, the Dramatic Club gives its audience a varied and spectacular program of three one-act plays.

The first play, "Sod," a realistic drama of a destitute Middle-Western farmer, would have been believed by many to be above interpretation by high school students, but under the instructive guidance of Mr. McLaughlin the parts were characterized with rare ability.

"A More Perfect Union" was the second play which took the house by surprise with its unusual background (there was none) and its timely problem of tolerance in a democratic nation.

The lilting and witty plot of "Stoney's Bride" kept the audience in good humor as Stoney entangled himself into the "eternal triangle," lost his fiancee, and woke up to find it all a bad dream. But the praiseworthy performance of the cast was not a dream, let alone a bad one.

It is such presentations as these that will develop the Dramatic Club into a more and more successful unit of Everett High's activities and add a little bit more to our memories of high school days.

Spanish Club

The Spanish Club is one of the most interesting organizations in the school. The main object of this club is to promote a better understanding of the relationship between the Spanish-speaking countries and the United States. The club creates this "good neighbor" feeling by offering a varied background of Spanish history, music and culture. Over and above all this, the monthly meetings are conducted in Spanish. At these regular meetings, several plays have been presented. At Christmas, a party was held at which the club members made South American chocolate. Entertainment and knowledge of Spanish customs and drama have been the keynote at all of the club meetings.

Harry Soper was elected president of the Spanish Club, but because of other duties he was forced to relinquish the presidency to Ruth Stibolt. Selma Appleton in the office of Program Chairman, ably assisted by the President Ruth Stibolt, arranged a very satisfactory array of dramatic presentations for the meetings of the club.

Miss Helen Agbay, the able director of the Spanish Club, is to be especially commended for her splendid guidance. This has been a stellar year for her Club, and her noble work will always be remembered by the club members.

Library Staff

For several years the Library Staff has been one of the most active groups in our school. Under the direction of Miss Gindele, about forty girls compose the well organized and interesting club that centers its activities around the library.

Each member spends at least one period a week in the library, mending worn books, checking books, and arranging shelves. For those whose schedules permit, the library is open one period on Friday for an informal meeting. Since the entire staff cannot be present at this time, a regular business meeting is held once a month after school hours.

One of the largest projects undertaken by the organization is an annual second-hand Book Fair, which has always been most successful. This year several of the girls ushered at the teachers' convention at the Boston Opera House.

Italian Club

L'Accademia Italiana or the Italian Club, as it is commonly known, has undertaken the task of delving into the history of the Italo-Americans of the city of Everett and determining their contributions to society. This ambitious project, requiring extensive research, undoubtedly will be completed by next year's group.

Regular meetings, held every second and fourth Tuesday of each month, serve to acquaint members with Italy, her customs, and her people.

Club activities are not limited to those already mentioned; the Italian Club Play, presented annually, gives members the opportunity of using the language and making it live. This year "La Patente," under the direction of Mr. DeRubeis, was presented on April 30th before a large and appreciative audience. The cast included Vivian Cimini, Gloria DiTucci, Joseph Evangelista, Angelo Boy, Eugene Revelas, Alfred Tenaglia, and Albert Amico. As part of the musical fare, Italian folk songs were offered.

Plans for the year include a banquet and visits to various museums.

Conservation Group

One of the most worth-while organizations in the school is what is known as the Conservation Group. This club was formed in 1932, under the direction of Miss Margaret M. Noland. This year, due to its size, the organization has been divided—one group consisting of sophomores; the other, of juniors and seniors. In past years some of the members have come from schools outside the city, in order to gain the benefit of Miss Noland's instruction.

The chief aim of this group is to help those having hearing deficiencies. The members learn to use modern hearing aids correctly and in a way which will be of most benefit to them. They strive to improve their enunciation, and urge others who have healthy hearing to do the same. Because they cannot hear as well as others, they have learned to detect with their eyes what their ears cannot. However, the members are interested not only in themselves. They have also been of aid to younger children who do not know what it is to hear.

In all projects that have been undertaken the club has been most successful.

Science Service I

Science Service II

Science Service Club

During its sixteen years of existence the Science Service Club has seldom consisted of a more enthusiastic group than that which comprises this year's club. More than half of the "Forty Immortals," whose deep interest and superior attainments have contributed much to the value of the meetings, are members of the Senior Class.

Members have given talks on subjects ranging from electricity to flower seeds and have always strived to make the dissertations of interest as well as of benefit. Mr. Bryant is justly proud of this year's group.

A notable feature of the activities of the club has been a series of exhibits in our library of the new and ever-changing "Things of Science." The material for the exhibits is obtained from the Washington Company, a non-profit organization to whose service the club subscribes. Recently on display were sheets of paper so treated that they could be used as soap, as dusters, polishers, or as sachet petals.

Among the club's valuable activities has been its annual gift to the library of books on science. The contribution usually consists of two or three books, but this year twelve were added to the collection. The major part of the lot were books on chemistry, but some on birds and mathematics were also included.

One of the most spectacular of the many interesting and informative experiments demonstrated at the meetings was that one which dealt with the eruption of a miniature volcano. The small scale model reacted with the chemicals to produce a startling replica of an active volcano.

Whether members came to see a miniature volcano, or a red, white, and blue experiment in chemistry; whether they came to see artificial lightning, or to hear a talk on things of science, the programs have often been amusing and always of benefit.

Camera Club

Under the careful supervision and guidance of Mr. Willard Whittemore, its faculty adviser, the Camera Club is enjoying one of its most successful seasons since its beginning in the school year of 1937–1938. Although membership in the club is open to both boys and girls, it so happens that this year the club is comprised solely of boys.

The aim of the club is to help those who have an interest in photography gain greater knowledge in the art of developing, printing, and enlarging pictures. The club is equipped with a dark room and an enlarging camera.

During the war years the club was inactive due to the fact that our adviser was in the service. This year the club did not get under way until the first part of January. Since then we have had lectures on the construction of a camera, and we have been told the uses of each of the various parts. We have also taken up the different types of cameras in order that we may see just how they differ.

The club has many experienced photographers. Some of these are Joseph Fabbo, Richard Chambers, Raymond Fulton, Joseph DeVaio, John Nelson, and Alfred Wolfe.

Future Homemakers of America

The Everett Chapter of the national organization of the Future Homemakers of America was started in the Parlin Junior High School in 1945. The members in the Everett Senior High School are under the helpful guidance of Miss Bjornwall, the faculty advisor.

The organization was formed to emphasize the importance of a worthy home, to encourage democracy, to develop creative leadership in the home and community life, to promote international good will, and to further interest in home economics.

The Future Homemakers of America hold their meetings on the first and third Thursday of every month. Eleanor Gargano is Secretary of the statewide meetings of the organization, which are held four times each year. Phyllis Bleet attended the sub-regional meeting in New Hampshire in her freshman year. She was chosen national officer representing Maine, New Hampshire, Vermont, and Massachusetts at the sub-regional meeting held at Simmons College. She also attended the meeting in Kansas City, Missouri, in the summer of 1946.

Various guests, who gave interesting talks and instructions, were received by the club during the year. The organization also participated in several outside projects, including work for hospitalized veterans and for the Red Cross.

Riding and Swimming Clubs

On Thursday afternoons at the pool of the Y.M.C.A. in Malden, members of the Swimming Club gather for weekly instruction. Under the direction of Miss Lois Alpert, Miss Elizabeth Bond, and Mr. Joseph Baldwin, beginners are taught the rudiments of swimming, such as the crawl and side stroke, while more advanced members are schooled in the intricacies of diving. Besides this primary instruction, the girls are taught some of the fundamental techniques of life-saving and are given the opportunity of practicing some of the simpler techniques under the supervision of expert guidance.

The attendance at the Pine Banks Riding Academy in Melrose on Wednesday afternoons is sufficient proof of the enjoyment which members of the Riding Club derive from the celebrated sport of horseback riding. The advanced class is taken out on the bridle paths while beginners are given special lessons by Mrs. Gladys Allen in the riding ring. There, for several weeks, the girls are instructed in the proper method of mounting and dismounting, and the correct posture on a horse. Under individual instruction rapid progress is made.

Considering the wholehearted support which both clubs have received, it is more than likely that both will become permanent organizations at Everett High School.

E. H. S. FOOTBALL TEAM

FOOTBALL

When the Everett High School Crimson Tide opened the 1947 grid campaign with successive victories over Turners Falls, Arlington, Somerville, and Salem, it looked as though Coach Gildea's crew was on its way to the state championship. In these four games Everett scored 100 points to just 12 for their opponents and the local team was tabbed as one of the best in fifty-six years of Everett football history.

Then on the fatal night of October 18, the bottom fell out of the Everett team and the Crimson lost to Lynn Classical 19 to 2 under the arc lights at Manning Bowl, Lynn before the largest crowd ever to see a schoolboy football game in Massachusetts. The Medford Mustangs, state football champs, edged out Everett the following week 12 to 7 in a heartbreaker that saw the Crimson on the Medford eleven yard line in the waning minutes of the contest.

After the severe trouncing suffered at the hands of Waltham, the week following the Medford tilt, the Everett lads pulled themselves together to whip their ancient rivals, Malden, to the tune of 21 to 7. In the final game of the season against Chelsea on Thanksgiving morning at Chelsea Stadium, it seemed as if everything that Everett tried backfired and the Crimson-clad team was toppled 12 to 8 to compile a season's record of five wins and four losses.

Fourteen senior lettermen who tasted their last bit of schoolboy football competition in the Turkey Day battle with Chelsea were Captain Eddie Leo, Phil Puopolo, Rudy Scenna, Cliff Johnson, Tony Dell Isola, Joe Donahue, Jim Harcus, Bill Gochis, Charlie Lander, Bob Merola, Jim Carroll, Angie Boy, Fred Sheppard, Tony Del Gaizo, Pete Simmonelli, and Jimmie Lynch. Other seniors who made their letters were Dougy McCormack, Art Zackular, Joe Cardullo, Mike Favale and Russell Braese.

In a post season All Star contest between the Suburban All Stars and the North Shore All Stars, Everett footballers who distinguished themselves, although the Suburban team lost, were Ed Leo, Jimmie Carroll, and Phil Puopolo. Leo was at the pivot position, Puopolo in the guard slot, and Carroll was in the backfield.

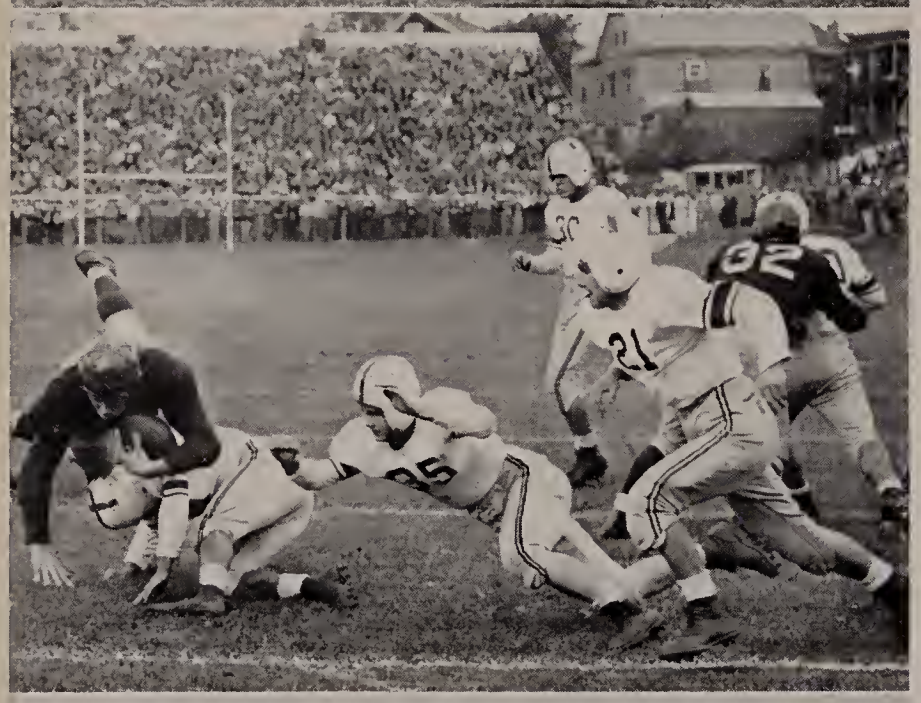
CAPT. EDDIE LEO

Everett 41—Turner Falls 0

Everett proved that football played in the eastern part of Massachusetts is far superior to that played in the western part of the state by their overwhelming trouncing of Turners Falls. In this rout by the Everett team, Jim Carroll scored the first touchdown of the season, but the sparkplug that furnished the Everett machine with its power was fullback Bob Merola who hit paydirt twice and turned in a good all-around game of football for the Crimson.

Everett 13—Arlington 0

A determined Arlington eleven traveled to the Everett Stadium in anticipation of a win over the Crimson Tide that was gaining momentum as the campaign progressed. Coach Gildea's crew, however, wasn't to be denied a victory on this day. The Everett team worked as a unit with Captain Eddie Leo showing his defensive prowess for the first time during the season with his vicious tackling while backing up the line.



Everett 40—Somerville 12

The Everett gridmen celebrated Coach Gildea's 200th game as the Everett grid mentor over a span of twenty-two years by handing the Red and Blue of Somerville their worst defeat of the season and the worst whipping in the ancient series dating back to 1895. Everett's line functioned the best that it had all season with Rudy Scenna, Phil Puopolo, Joe Donahue, Tony Dell Isola, Dick Lionette and Kenny Doig opening huge holes in the Somerville defense.

Everett 6—Salem 0

A last quarter surge by the Crimsonmen netted Everett its fourth victory of the season over a strong Salem team that was defensively the best that Everett had met thus far in the season. Charlie Lander's bucking, and the combined efforts of Bill Gochis and Cliff Johnson were climaxed when Merola plowed through the center of the Witches' line for the all important touchdown that spelled victory.

Lynn Classical 19—Everett 2

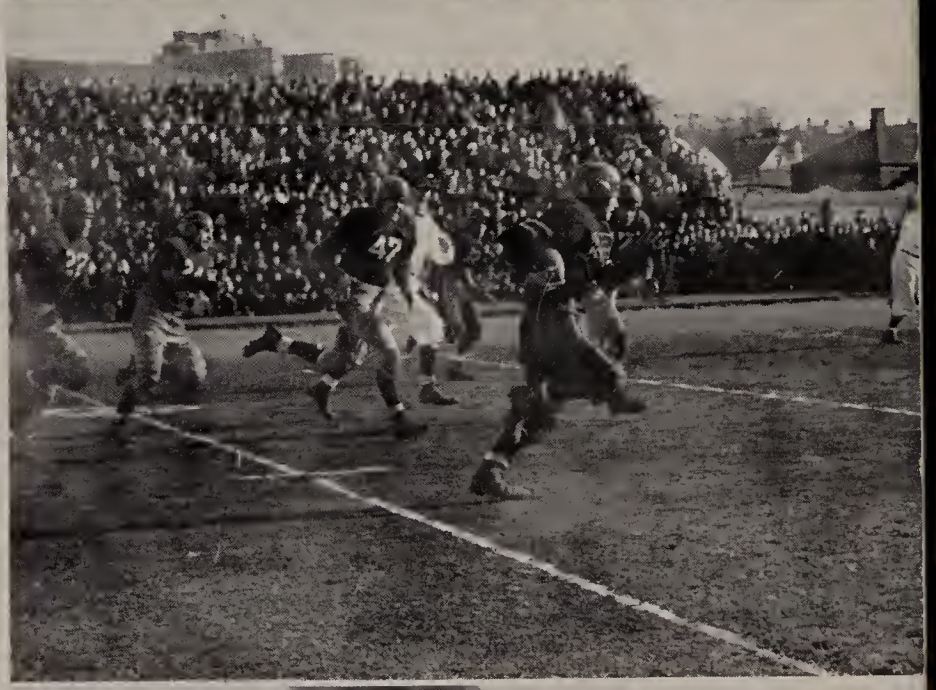
The greatest gridiron spectacle seen in Massachusetts in quite some time took place at Manning Bowl that eventful evening when Harry Agganis and company baffled the previously undefeated Crimson eleven by the score of 19 to 2. Everett crashed into Lynn Classical territory numerous times throughout the night but each time the Classical defense tightened. Even in defeat Everett rooters had good cause to be proud of their team after this game.

Medford 12—Everett 7

All of the scoring in this contest was done in the first half with Medford suplying the necessary touchdowns to win the game by long runs through the Everett defense that wasn't quite settled in the first half of the game. Everett's telephone system was used in this tilt but there wasn't any stopping the Mustangs who went undefeated to win the Class A and state titles.

Everett 20—Malden 7

Second team players covered themselves with glory in this game against our arch rivals, the Golden Tornado of Malden. They were Mike Favale, who set up Everett's first touchdown by snatching a Gochis pass on the four yard line, and Ralph Cecere, who scored on a pass and a recovered fumble in the end zone. This victory was a consolation for the other defeats suffered during the course of the season because the Crimsonmen came through to win the objective game on their schedule.

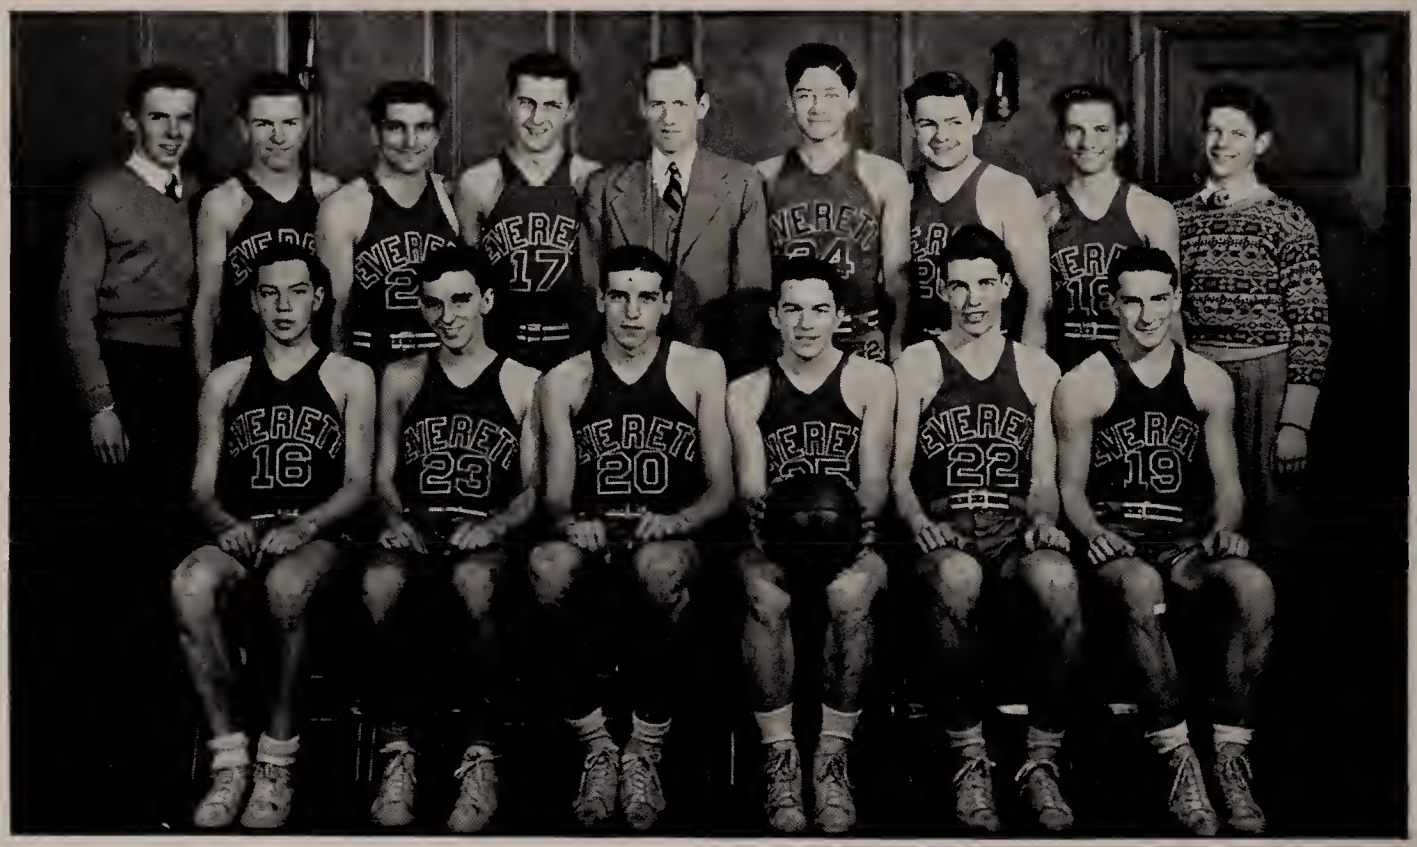


Chelsea 12—Everett 8

Everett came to life in this contest in the last quarter but the two touchdowns that the Red Devils scored in the first half were just enough to provide victory. Just as he had scored the first touchdown of the season, Jimmie Carroll scored the last on a buck from the four-yard line. The point after attempt was a dropkick by Angie Boy that was wide of the uprights. Every senior that walked off the field for the last time in the capacity of a player had a lump in his throat after having donned the Crimson uniform for the last time.

BASKET

GREATER BOSTON LEAGUE CHAMPIONS



"The Crimson Swish Kids" led by Captain "Zike" Boyages, the finest hoopster developed at Everett High School in the past twenty-two years, and coached by Lenox Putnam have proved to be one of the greatest teams ever to don uniforms in Everett's basketball history.

Captain Boyages and Don MacLeod, teaming beautifully with Dick Lionette, the pivot man, provided Everett with a great scoring punch. In back court, in lanky Dick Erlandson and peppery Johnny Lepore, Everett possessed two of the finest defensive guards in the state. "Gordy" Long, an outstanding sophomore, proved to be an excellent sixth man ably filling in at guard or at forward. Joe Sacco, Lew Hines, Ronnie Lovett, Bob Williams, "Duke" Conley, "Ukie" Fuchuck, "Billy" Snow, Leo Jameson, Tom Marchant, and "Billy" Snook gave Everett the necessary depth as capable replacements.

Everett opened the season with easy victories over Reading and Waltham, the latter game being played at the School Boy Basketball Jamboree at the Boston Garden. In the first league game the "Putnamites" eked out a 25 to 24 victory over Quincy, the same Quincy team which handed Everett its only home defeat of the season. Medford, Malden, and Chelsea fell in rapid succession before Everett was upset by Quincy. The hoopsters recovered quickly and rolled over Somerville, Revere, Medford, and Malden before meeting Chelsea for the second time at Everett. Chelsea provided stubborn opposition and only magnificent teamwork enabled Everett to please the home fans 33-32. Lowell and Revere proved little trouble for the high riding "Swish Kids." Somerville, realizing that a victory over Everett would deadlock the two teams for top honors in the Greater Boston League, surprised all by winning, 33 to 27. Everett closed the season by trouncing Lowell 39 to 28.

BALL

"TECH" TOURNEY FINALISTS

"TECH TOURNEY"

Tons of confetti, balloons, streamers, and other miscellany poured out of the northeast corner of Boston Garden on Saturday, March 13 as the greatest "Putnam-coached" team in history took to the court to battle Durfee High of Fall River for the Eastern Massachusetts title. Everett had won this position by overcoming a 13-4 score at the end of the first quarter against North Quincy, to go on to win in a nip and tuck battle, Everett 32—North Quincy 30. By his stellar performance Dick Erlandson was named "Player-of-the-night."

Everett was pitted against their arch foe, Somerville, in the semi-final round. It had been decided that the winner of this game would be awarded the Greater Boston League crown. This was incentive enough for the "underdogs," and Everett took to the court determined to emerge victorious. Overcoming a 1-0 lead in the opening minute of play, Everett gained the lead and held onto it until the gong ended the contest. The final score was Everett 30—Somerville 29.

The Durfee game was a topsy-turvy affair from the very start. Everett jumped away to an early lead and the quarter ended Everett 8—Durfee 7. From this point until the last quarter Durfee definitely showed the polish and finesse of defending champions. The teams battled on even terms until last period with each team scoring nine points, but the mid-game lead built up by Durfee was too much for the valiant Everett squad.

The final score read Durfee 39—Everett 27. Captain "Zike" Boyages led the scoring with 9 points. Dick Lionette's 7 points made his Tourney total 31 points, more than enough to lead the entire Class A tourney in scoring.

Thus came to a close the greatest basketball season since 1929, a season that raised Everett to the pinnacle of success on the court.

Track

Track is the sport open to all
The small, fat, thin and the tall;
Although not as popular as games of ball,
It may still be considered the best sport of all.

The Everett High School Track Team of 1948 anticipates an extremely successful season under the alert and expert leadership of Coach Richard Hickey. Also leading and instructing the boys will be the spirited and efficient co-captains, Charlie Lander and Craig Conners.

These capable co-captains will be supported by an animated and progressive team consisting of speedsters Craig Conners, Walter Carrington, Edmund Collins, and Edward Gear, running the sprints; Charlie Lander, the 440 yard dash; Cliff Johnson, Tom O'Hearn, Don Perretti, Edward Price and Ben Salamone, the half mile; Frank Forti and Sam D'Angelo, the half mile. Participating in field events will be Cliff Johnson, and Dave Johnston at the high jump; Art Zackular, Tony DelGaizo and Dave Johnston at the broad jump, and Kenney Doig and Louis Hines at the shot put.

BASEBALL

As "Memories of 1948" goes to press, the Everett High School Baseball team has not yet played its first game in the Greater Boston League. The squad, however, is practicing daily at Glendale Park preparing for the opening of the forthcoming season.

This year's team is bolstered by the return of pitching ace, Bill Buitenhuys, of no-hit, no-run fame. Bill was the mainstay of last season's mound staff, and Coach Dragone looks forward to win many a victory for the boys in red with Buitenhuys on the mound. Behind the plate there is another seasoned veteran, John Barbati, a fine receiver and an able handler of pitchers. Gordie Long, a sophomore, and "Duke" Conley are the other catchers. At the initial sack there will be Dick Lionette or Hal Braese, while the hot corner will be guarded by speedster Zack Boyages, who can stroke many a timely blow. The keystone combination will consist of John Lepore at second and either Bill Gochis or Ralph Cecere at shortstop.) Some of the outer gardeners returning from a season ago are Ernie Barbati, a powerful, hard-hitting fielder, Clif Johnson, and Jack Ireton. Thus, with a little good luck, the 1948 Everett High nine shapes up as a strong contender for the long-awaited Greater Boston League Championship.
